

Tuesday Greetings!

Just a couple of good news stories to share quickly today:

Did you know that you can watch Sunday morning worship from Rideau Park United Church, not only from the comfort of your own home (in your pj's and with lots of hot coffee!) but you could also watch it on the TV?? The Reids have connected their computer to their TV and worshipped together on the big(ger) screen, and I bet in comfy chairs too? (Rideaupark.ca)

We all have heard of the long lines at Costco and the grocery stores, some people waiting a long time to enter. I just read of a man in a Costco line in Calgary who led those who were waiting with him in a bit of an exercise class to keep warm and to pass the time! What a great idea!

However you are spending this weird weather day in the greater Ottawa area and beyond, I hope you are doing it in comfort and warmth!

Blessings,
Jenni
